---

Gary:

We will be doing a credit for the temperature gun on the next 1900-55. It will be just this correction.

Leroy:

I did not notice that the credits from the previous 1900-55's were made. The previous 1900-55's need to be reviewed and credits need to be made or you need to tell me that they will not be made and we will have the charges denied when vouchered.

Thanks

Gary Moore

Gary:

We have removed the acid pump. The final 1900-55 is attached corresponding to the draft you reviewed yesterday. Please sign and return.
